

HASANUR

Android App Developer

About Me

I am an experienced Android app developer skilled in designing and developing mobile applications across various platforms. Proficient in Kotlin and Java, I create robust and user-friendly applications. I use Android Studio to ensure a seamless user interface (UI) and integrate APIs effectively. Along with optimizing app performance, I focus on making applications secure, scalable, and efficient. I am adept at collaborating with cross-functional teams and managing multiple projects to deliver high-quality results on time and within budget."
